Milestone Husky NVR series

The innovative Milestone Husky series of network video recorders (NVRs) delivers fully-integrated, customizable video surveillance solutions. This state-of-the-art series of NVRs can be tailored to meet the demands of any surveillance installation, from a small family-owned business to a complex surveillance installation with multiple sites and hundreds of cameras. Combining its award-winning video management software with high-performance hardware, Milestone Systems offers four NVR models that can be used as a simple stand-alone or connected with multiple models for a customized solution.

Husky M10	Husky M20	Husky M30	Husky M50	Husky M500A	Husky M550A
8 cameras	32 cameras	32 cameras	128 cameras	512 cameras	768 cameras

* 600 Mb/s and 1200Mb/s recording rate guaranteed for Husky M500A and M550A, respectively.

Notes:
(1) For supported cameras
(2) Requires additional device license
(3) Requires active Milestone Care Plus
(4) Using Milestone Integration Platform (MIP)
(5) Maximum camera count is when not using server side VMD and total camera bit rate is at or below the maximum recording rate.

Milestone reserves the right to change the product specifications without prior notice.
